10079638760	212914378	2018-06-22 9:51:23	2018-06-22 9:53:06	06/20/2018						6						
10079637503	212914378	2018-06-22 9:51:31	2018-06-22 9:52:21	06/20/2018										10	Five of the tables	Maybe facilitators should not all be from Boise City govt?
10079636002	212914378	2018-06-22 9:50:23	2018-06-22 9:51:27	06/20/2018								8			Organized by neighborhood would have made it make more sense, if each table is 6/10 downtown or collister the overall table view will leave out neighborhoods with fewer people.	No.
10079635765	212914378	2018-06-22 9:50:21	2018-06-22 9:51:19	06/20/2018						6					Too short A longer citizen-led commission needs to be created One-two years with independent staff. Will ultimately take Boise where it needs to go.	I fear this will be used to confirm what city already know and wants to do.
10079634053	212914378	2018-06-22 9:46:42	2018-06-22 9:50:19	06/20/2018								8			Need more opportunity to talk about solutions to the problems. Obviously that's the contentious bit but talking about it can help drive conservation. The problem session highlighted a lot of the solutions - unfortunately the city can't really implement these solutions.	We need to maybe consider linking the discussion to what is within the city's power? Lots of discussion on things the city has no control over - roads, transit, local option.
10079634020	212914378	2018-06-22 9:48:37	2018-06-22 9:50:18	06/20/2018			3								It would need to be MUCH longer to have time to really hash out and get in to the details- this should be step 1 and there should be 2, 3 and 4 to truly have a real discussion and drill down on the issues of growth.	The city is in a precarious position promoting itself as the "most livable" is only driving more growth - gas on the fire and already we can't possibly keep up with the pace of change and infrastructure demands.
10079628573	212914378	2018-06-22 9:45:46	2018-06-22 9:47:06	06/20/2018								7			The blue print for growth was mentioned, but not explained. 20 minues to level set on what that is would have been helpful.	More clarity around how this info will be utilized going forward. I heard "analyzed" and "shared" but what action can we expect? Thank you for opening the conversation
10079627784	212914378	2018-06-22 9:45:24	2018-06-22 9:46:39	06/20/2018										10	More these more often! I want to know how this data is used. I wanted more focus. I loved discussing choices but there wasn't enough time to dig deep.	As a citizen I want to be involved as I can with the future of Boise. What else can I do? Email me! Osyten@live.com
10079626207	212914378	2018-06-22 9:44:25	2018-06-22 9:45:44	06/20/2018					5						I wasn't aware that this would be a round table discussion. I thought the city would be sharing their growth plans and solutions to address issues. This is disappointing.	Be more clear about participants role in event and that it'll be round table discussion and not the city sharing plans.
10079624970	212914378	2018-06-22 9:43:35	2018-06-22 9:45:00	06/20/2018									9		I like that the event was open ended for excitement and concerns. I think it could have been nice to have more insight into what actual possible outcomes could be achieved by the end of the meeting.	Great event! The fact that this exists shows that Boise cares about its residents.
10079623745	212914378	2018-06-22 9:42:25	2018-06-22 9:44:17	06/20/2018					5						Many people I spoke to about coming to this workshop felt it would be a formality on the part of city leaders and that the public would not be heard. There is an attitude that communication between city leaders and the established neighborhoods has declined. People tell me that they don't vote anymore because they don't see the point. That saddens me. I am hoping this is more than a formality. We hope this is not just an exercise.	I would love to feel more of a sense of problem solving at these workshops that will be applied.
10079622450	212914378	2018-06-22 9:42:09	2018-06-22 9:43:31	06/20/2018								8			I would say less big group time where the same ideas were repeated and more table time to dig into underlying issues. Also, we talked more concerns than solutions. I would have enjoyed an entire conversation based on solutions.	I'm grateful that my voice was heard as a 20-year old female.
10079620105	212914378	2018-06-22 9:41:14	2018-06-22 9:42:08	06/20/2018									10		This was great! I loved participating. Maybe it could be done more often so more people can feel like they have been heard.	Thank you for providing food! Didn't have time for dinner after work. Facilitator was great. Very well done set up and flow to evening. Thank you!
10079620023	212914378	2018-06-22 9:39:55	2018-06-22 9:42:05	06/20/2018								8			Perhaps direct attendees to the Blueprint Boise website prior to the workshop. How will results of collation of concerns be communicated to Boise residents? Voting on charts was confusing. Separate "positive" from "concerns"	Great discussion in our group and thoughtful ideas (table 11). Facilitator did an excellent job. Add discussion on Sports Complex proposal.
10079618052	212914378	2018-06-22 9:39:54	2018-06-22 9:40:55	06/20/2018								8			The experience was somewhat simplistic and there was not entirely time to participate at length.	Thank you for the opportunity to participate. Venue was great (&food) I appreciated hearing others ideas and opinions.
10079615986	212914378	2018-06-22 9:38:05	2018-06-22 9:39:45	06/20/2018								8			Logistics: clearer about how much time we have to discuss topics. Avoid going down rabbit holes! Option to not have to publicly speak- fishbowl with randomly drawn participant-submitted topics. We could only choose from negative options for our stickers!	Thank you, City of Boise! I'm proud to live in a city where leadership chooses to listen- as difficult as it can be. I hope there are more focused workshops in the near future.
10079615941	212914378	2018-06-22 9:38:28	2018-06-22 9:39:44	06/20/2018									10		I think it went great. Action needs to be taken. Actions will speak for these words.	Little bit bigger table group. We had 4 and would liked to have 6 people
10079612338	212914378	2018-06-22 9:36:52	2018-06-22 9:37:38	06/20/2018								9			Better information about event and directions/location. Address was incorrect on website.	Enjoyed hearing about other people's concerns, likes, dislikes. Certainly a common thread throughout the room.
10079610810	212914378	2018-06-22 9:36:11	2018-06-22 9:36:44	06/20/2018								8			More time for table discussion after the report outs from the other tables.	Let's have a lot of these workshops- ongoing. . .
10079609817	212914378	2018-06-22 9:35:25	2018-06-22 9:36:08	06/20/2018								8			Well as we draw to a close it is apparent that more time would be helpful	Grow the funds by taxing those coming in. Let them pay there way to be here.
10079608455	212914378	2018-06-22 9:34:58	2018-06-22 9:35:22	06/20/2018									9		It was my first experience and I only see positive aspects in the workshop.	
10079607097	212914378	2018-06-22 9:33:21	2018-06-22 9:34:34	06/20/2018									10		In some ways I wish the mayor would have stayed to hear my voice and voice of others versus my words on a flipchart.	When is our next meeting? We should keep this core group together and come back to get more ideas. Most of us want to be solvers and not just stating problems. Thank you for the opportunity!
10079604946	212914378	2018-06-22 9:32:31	2018-06-22 9:33:19	06/20/2018								9			Facilitators great Organization great Implementation great Discussion great Food nice touch Convenient location	I hope the city listens.
10079603045	212914378	2018-06-22 9:31:29	2018-06-22 9:32:15	06/20/2018									10		Longer work session so we could move tables.	I appreciate that we are given this opportunity
10079599601	212914378	2018-06-22 9:28:14	2018-06-22 9:30:15	06/20/2018									9		Make it clear how this feedback will be filtered, prioritized and made actionable. Engage other govt entities- ACHD State, County (or tell us you tried to)	Very professional and kind engagement model with constructive suggestions Appreciate the mayor setting the context.
10079599233	212914378	2018-06-22 9:28:12	2018-06-22 9:30:03	06/20/2018								8			More specificity with questions. "What do you find good/bad about growth/transportation/density/etc" will give you a lot of the same generic answers. If you want real feedback, ask very specific questions then ask for additional comments.	Need to discuss solutions Have people propose ideas. It's a lot harder than commenting on good/bad.
10079595992	212914378	2018-06-22 9:27:22	2018-06-22 9:28:11	06/20/2018								8			Viewed it live on public tv. Maybe each group do a priority metric where key concerns are rated thus giving each concern a weight. The same could be done in regards to the "positives" of Boise	
10079595829	212914378	2018-06-22 9:26:52	2018-06-22 9:28:06	06/20/2018										10		Thank you for the food (Yum!) Appropriate meeting space "Ground rules" was a nice way to start Providing a facilitator was helpful so we didn't need to take notes ourselves
10079594416	212914378	2018-06-22 9:25:56	2018-06-22 9:27:20	06/20/2018									9		Put question on main slide to keep people on topic- facilitator did a good job though	Good idea to assign people to tables to get a mix of opinions. Clarify goal of participation or maybe I missed it. Wasn't prepared to discuss but enjoyed hearing from others.
10079593520	212914378	2018-06-22 9:25:17	2018-06-22 9:26:48	06/20/2018								8			- Good format - More education about Blueprint Boise and where people can find the doc. and opportunities for community members to get involved.	Please follow up with the community on the results & steps that will be taken from the recommendations
10079591865	212914378	2018-06-22 9:24:53	2018-06-22 9:25:53	06/20/2018									9		I think it would have been good to have Council, State and other govt leaders had been here.	I think you can use social media and other portals to get more public feedback. Also can put priorities to a vote. it's possible to do that.
10079590756	212914378	2018-06-22 9:23:51	2018-06-22 9:25:14	06/20/2018								9			Let us know the process for how this feedback will be used -> what are next steps.	I sat with amazing people who are doing amazing things in this community - we have no shortage of visionary leaders quietly doing their jobs here. I am completely energized by tonight's discussions.
10079590008	212914378	2018-06-22 9:24:12	2018-06-22 9:24:50	06/20/2018								9			The event was very good I have no complaints	Just make sure these ideas are acted upon
10079588770	212914378	2018-06-22 9:23:11	2018-06-22 9:24:07	06/20/2018								9			Give the time constraints and the diversity of the group, I'm not sure you could accomplish a whole lot more than you did. Nice job, well done.	Translating community input into actionable and effective policy is the next challenge. Please follow through.
10079588152	212914378	2018-06-22 9:22:55	2018-06-22 9:23:45	06/20/2018									10		Not much! Well planned and lots of great ideas!	Very interesting evening! Glad I attended.
10079586793	212914378	2018-06-22 9:22:25	2018-06-22 9:23:00	06/20/2018									10		There was not an opportunity to make suggestions for improvements. That would have been really interesting to explore.	It was a lot of fun. I learned a lot.
10079586545	212914378	2018-06-22 9:21:51	2018-06-22 9:22:51	06/20/2018								8			More diverse group relating to demographics/economics	Keep Boise Boise and not turn it into something its not

10079585227	212914378	2018-06-22 9:20:58	2018-06-22 9:22:05	06/20/2018	8	A little better advertising on what to expect prior to attending. (ex format, process, etc) Timeline on when this info will be compiled, analyzed and acted upon. Just let participants know.	I just really appreciate the fact the city set this up. Well done!
10079582906	212914378	2018-06-22 9:20:11	2018-06-22 9:20:48	06/20/2018	10	Local beer and wine!	I hope to see these concerns really truly addressed. I appreciate the format and the assigned seating.
10079582327	212914378	2018-06-22 9:19:36	2018-06-22 9:20:27	06/20/2018	9	Have less intro time by elected officials	Dr. Jen kept responses moving! Bonnie was a very good facilitator
10079581701	212914378	2018-06-22 9:19:37	2018-06-22 9:20:06	06/20/2018	9	Maybe some beer and wine	My facilitator did a great job! Thanks for this!
10079580651	212914378	2018-06-22 9:18:37	2018-06-22 9:19:30	06/20/2018	8	Dedicating a few minutes to proposed solutions to the issues discussed.	I'm very happy to see the city taking this step to hear input from its citizens.
10079580538	212914378	2018-06-22 9:18:44	2018-06-22 9:19:27	06/20/2018	9	Give a way to voice ideas that do not rise to the top in group discussions More time?	It would be great to be contacted with the results from these workshops. Thanks to Jen for putting this together!
10079579110	212914378	2018-06-22 9:18:22	2018-06-22 9:18:40	06/20/2018	10	This is a well done workshop and a great format!	Need more transparency in government and easier way to obtain info. Example: To look up development impact fees for the Kensington Apt. complex I had to search every single permit for each build to view it separately, I sent a public records request to obtain a fee total and was told \$3,000, which is incorrect, one number to aligned to an entire development project would be superior!
10079578676	212914378	2018-06-22 9:14:27	2018-06-22 9:18:24	06/20/2018	8	Possibly have attendees fill out a questionnaire/survey in advance to narrow down topics and leave more time for discussing solutions vs. just sharing worries Tables should be full. Overbook the next 2 sessions. Where are developers and business owners? Send out a stat pack to participants - + org chart as to how city of Boise and ACHD and Ada county interact during this growth spurt.	Transparency is a must. Publicize the results on the website Use neighborhood associations as a city resource.
10079578531	212914378	2018-06-22 9:16:51	2018-06-22 9:18:20	06/20/2018	8	Request that a citizen/city advisory council be formed. So many individuals with talent/knowledge/experience were gathered here tonight- let's keep using them throughout the planning on growth.	Use special newsletter to reach us, seek our input, our opinions- we're a captive audience and we love Boise!
10079574401	212914378	2018-06-22 9:14:24	2018-06-22 9:15:59	06/20/2018	10	I think the format of the small group discussions then sharing out the top 3 items from the small group discussion was very effective - I especially like hearing the different perspectives from small and large shareouts!	I like how respectfully ideas were shared! Boise leaders would benefit from welcoming diverse opinions, taking the interests of residents and neighborhoods seriously, and seeing tax payers as allies, not adversaries. When well-meaning people are shut down when trying to work constructively we either become disengaged or antagonistic. The opportunity to have impact into long range planning issues is GREATLY appreciated. If our hopes are accurate this input will greatly affect planning. Slow down Boise, what's the hurry? Once open spaces are replaced by roads, houses, malls, they're gone!
